

MUNICIPALITY OF ANTSIRABE

COOPERATION BETWEEN FO TRONDELAG AND MUNICIPALITY OF ANTSIRABE

REPORT OF ACTIVITIES- PERIOD: February and March 2021

Children in School

Targets: Make sure that our 50 children stay in school and will get successfully school results.

Distribution of school uniform (black/blue skirts or trousers and white/ red chemises) to our 50 pupils as well as soaps to use for clothes and for body was held on March 26th, 2021 at the arts center of Antsirabe Municipality. It was led by the Deputy Mayor. We chose this place in order to have wide space to avoid the spread of the virus and sanitary precaution has been followed during our meeting.

42 out of our 50 pupils have attended this distribution event. Then, on March 30th, 2021- 06 children with their parents have come to Toki's office to take their school uniforms as well as hygiene and property equipment. There are still 02 pupils (Nambinintsoa Tojoniaina sarobidy and Heriniaina Nasolo- CP1 Atsongo school) who will come when they will be in a good health.

School Uniform for children

Purchase of school uniform to be wear during the ceremony at school for our 50 pupils was done. Fourty eight (48) of our pupils already got each new school uniform.

This school uniform must be worn every first Monday of the month for our pupils at the public secondary school. For most of public primary school, this uniform should be worn when they are school festivities such as school carnival, Independence Day and etc.

Photos related to the activity during the distribution of collation/snack are attached on JPG files.

The table #1 shows the name of our pupils, their class level and their School's name - who have received ***new school uniforms***

Soaps for children

Soaps to use for clothes and for body were given to each pupil. Staffs and teams within Antsirabe Municipality have taught our children and their parents about the fundamental information, on the topic of hygiene and property of theirself especially during this difficult time of the coronavirus.

Those kids will become a model in term of property of theirself and their clothes to their classmate and community.

Photos related to the activity during the distribution of collation/snack are attached on JPG files.

Table # 2 shows the name of our pupils, their class level and their School's name - who have got *soaps to use for clothes and for body*.

Shool fees

At the beginning of the school year (on November or December 2020), the Malagasy Government said that no school fess for some public schools. But recently, a new decision comes saying that school fees should be paid at all publics schools. So, we have paid school fees for our pupils who have studied at Public Primary School of Atsimontsena and Est Ivohitra as well as for our pupils at Public Secondary School of Ivohitra and Ambilombe. Details of the amount of these school fees for each school can be found in the reports of the use of the money.

Following are some photos during the implementation of activities

Next activities to be carry out for our 50 pupils in school.

Due the current situation of the corona virus disease in Madagascar- It is very rampant, we would like to reinforce supplying **protective equipment to our 50 children.**

- 02 face masks washable and reusable for each pupil. So 100 face masks to be purchased;
- 02 Soaps to use for washing hand and body and 02 others soaps to use for washing clothes.

We would like also to continue the contribution of FO Trøndelag in the cost of **daily snack/collation of our 50 pupils** for 30 days in school as 500 Ariary per day. This is because all our pupils are from poor families who can't afford the cost of daily meals for their children.

The staffs in Antsirabe Municipality always seek approaches to have diversity of food for kids and in order to have also healthy dietary for pupils.

Pupils will be back to school on Monday 19th of April after a long Easter holiday.

- **Regular follow up about the children assiduity** should be carried out. So, we keep communicating closely with teachers and School principal. They let us know when pupil misses classes with no reasonable reason. We will do also **regular school visit.**
